Most probably ISPA tools may be useful for you....
…because countries social protection systems often suffer from…

…fragmentation
Countries social protection systems often suffer from...

...design flaws
Countries social protection systems often suffer from... 

...lack of coordination.
...hence the **OBJECTIVES** of the ISPA tools:

Help countries to improve their SPL systems by providing a framework and a series of **practical tools** to:

- **analyze** the strengths and weakness of the overall systems, programs or delivery mechanisms in place
- **offer policy options**
- **stimulate coordination** of SP stakeholders at country level
...that has been agreed upon and is jointly developed by the ISPA Initiative partner agencies:

WHEN TO USE ISPA TOOLS?

Design

Capacity Development

Monitoring

Learning

Assessing/reforming

Stakeholder dialogue

ESPECIALLY WHEN SEEKING TO MOVE FROM FRAGMENTED TO HARMONIZED SP SYSTEMS!
WHO CAN USE THE ISPA TOOLS?

Everyone with relevant experience in SP can apply ISPA tools

Tools are open access – free & available for download
www.ispatools.org

Target group: SP experts:
- Government institutions
- International development agencies
- Academic/research institutions

Assessment team: typically 2-4 experts with inputs from relevant stakeholders
WHAT DOES AN ISPA TOOL INCLUDE?

1. **“What Matters” Guidance**
   - Lays technical foundation for assessment
   - Provides good practices from international experience
   - Provides instructions to gather information
   - Describes how the assessment is organized

2. **Questionnaire**
   - Gathers qualitative and quantitative information

3. **Assessment Matrix**
   - Assesses against the agreed criteria on a four point scale

4. **Country Report**
   - Presents the findings
   - Highlights strengths and weaknesses in relation to good international practice
   - Summarizes complex landscape of policies and institutions
   - Provide policy options to be used as jumping off point for future dialogue between stakeholders

5. **Implementation Guidelines**
   - Outlines the process of application of ISPA tools from start to completion
HOW TO APPLY ISPA TOOLS?

Key steps of tool application

1) Planning and preparation
2) Getting started
3) Data collection
4) Assessment
5) Country report

3 – 15 months
ISPA tools do not replace in-depth sector studies!

Are not meant to use to ‘rank’ countries

Do not offer a one size fits all solutions

ISPA TOOLS ARE AVAILABLE FOR YOU TO USE NOW!
“Now that you know more about ISPA, will you be interested in applying an ISPA tool?”

Your Answers:

A. Yes
B. No
CLICKER QUESTION:
What next?
NEXT STEPS
FOR YOU TO ENGAGE WITH ISPA:

Ready to get involved with the ISPA tools?
Here are some easy next steps to support the ISPA initiative!

Want to learn more about ISPA?
Participate in an e-learning session at ISPATools.org

Know a country where it could be appropriate
to apply one of the ISPA tools?
Reach out to the ISPA Coordination Team
for advice on how to perform an assessment!

Have expertise in one of the areas proposed
by the ISPA constellation of tools?
Contact the Coordination Team and let them know
how you can contribute to develop a new ISPA tool!

Contact us: lrodriguez3@worldbank.org or mschaefer1@worldbank.org
