Impact Evaluations for Achieving Impact

Denis Medvedev
September 9, 2019

Still, why should we care about IE?

- For Governments
 - Improve design/implementation of the *current* project
 - Strengthen capacity for collecting and analyzing data
 - Help your institution to better design the *next* project
 - Improve accountability to beneficiaries/citizens
 - Strengthen results narrative to other Ministries and donors

Still, why should we care about IE?

- For WB TTLs
 - Improve design/implementation of the *current* project
 - Build stronger relationships with government counterparts
 - Help yourself, and colleagues, to better design the *next* project
 - Contribute to the institutional narrative on development impact

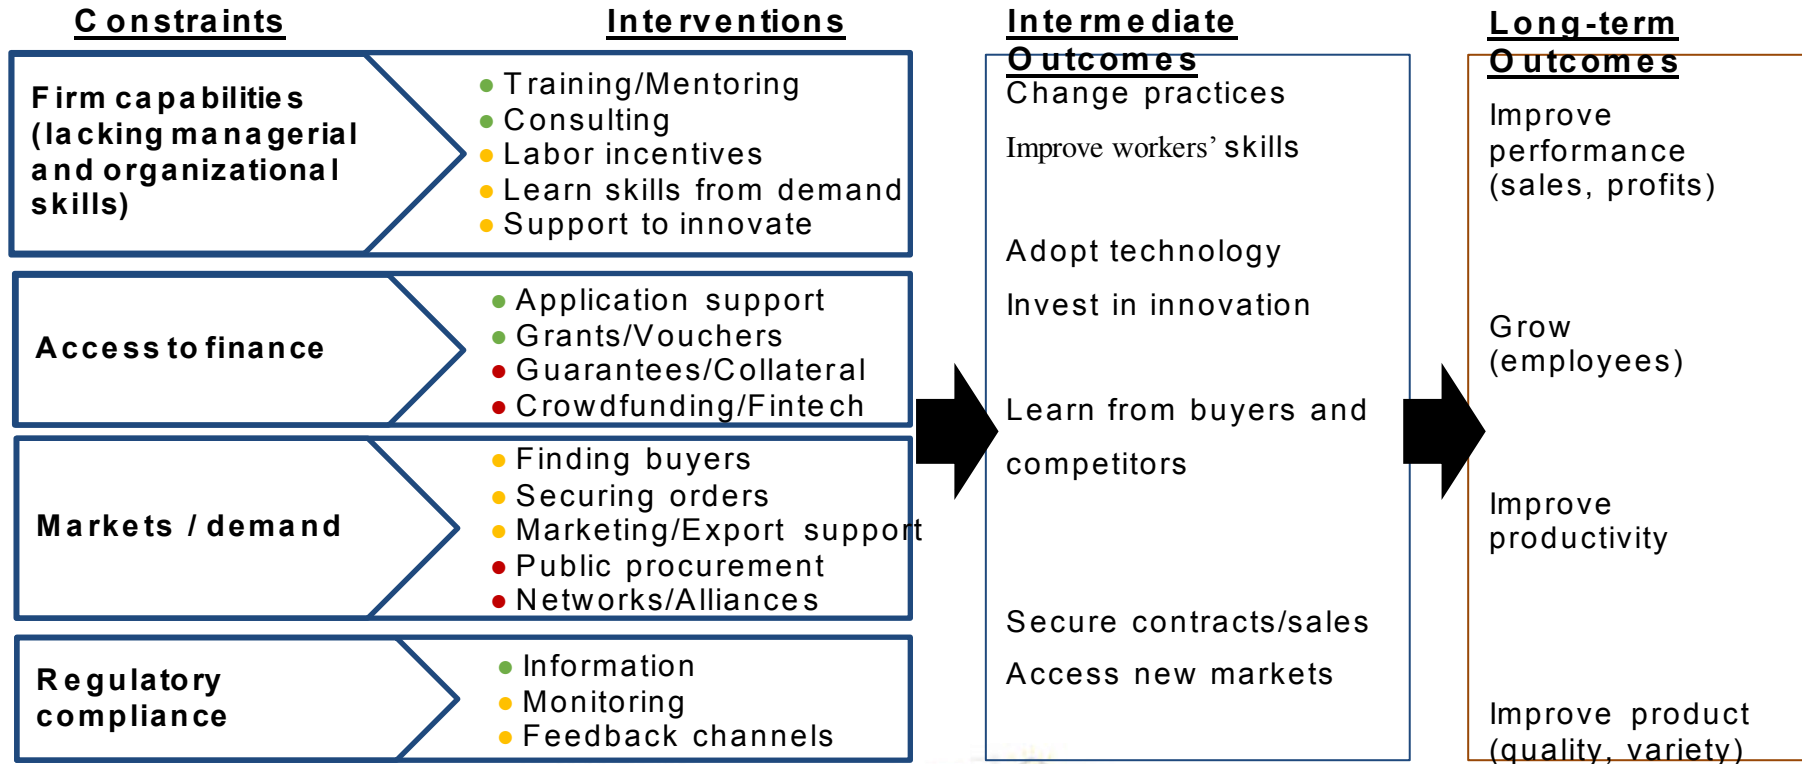

ComPEL focus areas

- Improving regulatory efficiency
- Connecting businesses to markets (linkages)
- Targeting firms with high-growth potential
- Access to SME finance
- Technology adoption

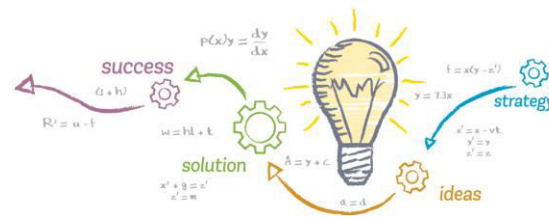

State of current evidence
