GENERAL PROVISIONS APPLICABLE TO THE NOTES

19. Additional Definitions and Disruption Provisions:	In the event of the occurrence of an Unscheduled Holiday or a Disruption Event on a day which but for such occurrence would have been the Rate Fixing Date, the Calculation Agent shall apply each of the following paragraphs (each a "**Disruption Fallback**") for the determination of the Reference Rate, in the order set forth below, until the Reference Rate can be determined in accordance with this Term 19: (1) *Valuation Postponement*: the Reference Rate will be determined on the first Business Day that is not an Unscheduled Holiday, or on the Business Day first following the day on which the Disruption Event ceases to exist, as applicable, unless the Rate Fixing Date has not occurred on or before the thirtieth (30^{th}) consecutive calendar day after the Scheduled Rate Fixing Date (any such period being a "**Deferral Period**"). In such event, the Reference Rate will be determined in accordance with the next applicable Disruption Fallback on the next day after the Deferral Period that would have been a Business Day but for the occurrence of an Unscheduled Holiday, or on the next day after the Deferral Period that is a Business Day in the event of a continuing Disruption Event (the "**Postponed Rate Fixing Date**"); (2) *Fallback Reference Price (BEVSA)*: the Reference Rate will be determined by the Calculation Agent on the relevant Postponed Rate Fixing Date by reference to the Electronic Stock Exchange Corporation (BEVSA). If the Reference Rate for such Rate Fixing Date cannot be determined by reference to the Electronic Stock Exchange Corporation (BEVSA), then the Reference Rate for such Rate Fixing Date will be determined in accordance with the next applicable Disruption Fallback; (3) *Fallback Reference Price (Dealer Poll)*: the Reference Rate will be determined by the Calculation Agent on the

relevant Postponed Rate Fixing Date pursuant to the Dealer Poll. If the Reference Rate for such Rate Fixing Date cannot be determined pursuant to the Dealer Poll then the Reference Rate for such Rate Fixing Date will be determined in accordance with the next applicable Disruption Fallback; and

(4) *Calculation Agent Determination*: the Reference Rate (or a method for determining the Reference Rate) will be determined by the Calculation Agent on the Postponed Rate Fixing Date in its sole and absolute discretion.

The Calculation Agent shall notify the Issuer as soon as reasonably practicable if the Reference Rate for such Rate Fixing Date is to be determined as specified in this Term 19.

In the event the Scheduled Rate Fixing Date becomes subject to a Disruption Fallback as set forth above, then the Maturity Date shall be postponed by one Business Day for each day that the Scheduled Rate Fixing Date is postponed as set forth above.

For the avoidance of doubt, no additional amounts shall be payable by the Issuer in the event that the Maturity Date is postponed due to postponement of the Rate Fixing Date beyond the Scheduled Rate Fixing Date due to the operation of this Term 19.

The Calculation Agent shall notify the Issuer as soon as reasonably practicable that the Reference Rate is to be so determined.

"**Bloomberg Screen**" means, when used in connection with any designated page, the display page so designated on Bloomberg service, or (i) any successor display page, other published source, information vendor or provider that has been officially designated by the sponsor of the original page or source; or (ii) if the sponsor has not officially designated a successor display page, another published source, service or provider (as the case may be), the successor display page, other published source, service or provider, if any, designated by the relevant information vendor or provider (if different from the sponsor).

"**Business Day**" means a day (other than a Saturday or a Sunday) on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealings in foreign exchange and foreign currency deposits) in each of London, Montevideo and New York.

"**Calculation Agent**" means JPMorgan Chase Bank, N.A., or its duly appointed successor.

"**Dealer Poll**" means that the Reference Rate in respect of a certain date will be the UYU/USD exchange rate for USD, expressed as the amount of UYU per one USD, for settlement on the same day, as determined by the Calculation Agent on the basis of quotations provided by Reference Dealers on such date. The Calculation Agent will request each Reference Dealer to provide a firm quotation of the specified rate as of 4:00 p.m.,

Montevideo time. If four (4) quotations are provided, the Reference Rate for such Rate Fixing Date will be the arithmetic mean (rounded to the nearest four decimal points, with 0.00005 being rounded up) of the specified rates without regard to the specified rates having the highest and lowest value. For this purpose, if more than one quotation has the same highest and lowest value, then the specified rate of only one of such quotations shall be disregarded. If two (2) or three (3) quotations are provided, the Reference Rate for such date will be the arithmetic mean (rounded to the nearest four decimal points, with 0.00005 being rounded up) of the specified rates provided. If fewer than two (2) quotations are provided, it will be deemed that the Reference Rate for such date cannot be determined pursuant to the Dealer Poll.

For informational purposes only, as of the date of these Final Terms, the Electronic Stock Exchange Corporation (BEVSA) is also available at https://web.bevsa.com.uy/Mercado/MercadoCambios/Dolar.aspx appearing under the heading "CIERRE A LA FECHA" and subheading "Cierre BCU Fondo (Promedio BEVSA)".

"**Final Rate Fixing Date**" means the Business Day falling five (5) Business Days prior to the Scheduled Maturity Date, expected to be 14 August 2023 (the "**Scheduled Final Rate Fixing Date**"), subject to postponement in accordance with the provisions in this Term 19 if a Disruption Event or an Unscheduled Holiday occurs on such date.

"**Montevideo Business Day**" means a day (other than a Saturday or a Sunday) on which commercial banks and foreign exchange markets settle payments and are open for general business (including dealings in foreign exchange and foreign currency deposits) in Montevideo.

"**Rate Fixing Date**" means the Business Day falling five (5) Business Days prior to each Interest Payment Date and the Maturity Date (being the "**Scheduled Rate Fixing Date**"), provided however, that, in the event of an Unscheduled Holiday or there has occurred or is subsisting on such date a Disruption Event, the Rate Fixing Date shall be determined by the Calculation Agent in accordance with the provisions set forth under this Term 19.

"**Reference Dealers**" means the Montevideo office of each of HSBC, Citibank, Banco Itau and Banco Santander. In the event

		that any of the Reference Dealers shall cease to operate in Uruguay, such Reference Dealer shall be substituted by the Calculation Agent (acting in its sole and absolute discretion) for purposes of completing the Dealer Poll. "**Reference Rate**" means, in respect of any Rate Fixing Date, the USD/UYU exchange rate, expressed as the amount of UYU per one USD, reported by the Banco Central de Uruguay ("**Central Bank of Uruguay**") (www.bcu.gub.uy) as its "U.S. $Fdo" rate, as it appears on Bloomberg Screen FIXI page appearing under the heading "Emerging Markets Fixings", at approximately 4:00 p.m., Montevideo time, on such Rate Fixing Date, provided that if, on such Rate Fixing Date, the Bloomberg Screen FIXI page no longer reports the USD/UYU exchange rate or such rate is no longer available and has not been replaced by any other page or service, the Calculation Agent shall be entitled to obtain such rate as reported by Central Bank of Uruguay from any other screen or information source that it deems appropriate in good faith and in a commercially reasonable manner. If the Reference Rate cannot be obtained in the manner referenced above on such Rate Fixing Date because of a Disruption Event, then the Reference Rate on such Rate Fixing Date shall be determined by the Calculation Agent in accordance with the provisions set forth under this Term 19. "**Trade Date**" means 6 August 2018. "**Unscheduled Holiday**" means a day that is not a Montevideo Business Day and the market was not aware of such fact (by means of a public announcement or by reference to other publicly available information) until a time later than 9.00 a.m. local time in Montevideo, two Montevideo Business Days prior to the relevant Scheduled Rate Fixing Date.
20.	Form of Notes (Condition 1(a)):	Registered Notes: Global Registered Certificate available on Issue Date
21.	New Global Note:	No
22.	Financial Centre(s) or other special provisions relating to payment dates (Condition 7(h)):	London, Montevideo and New York
23.	Governing law (Condition 14):	English
24.	Other final terms:	The first sentence of Condition 7(a)(ii) is hereby replaced by the following: "Interest (which for the purpose of this Condition 7(a) shall include all Instalment Amounts other than final Instalment Amounts) on Registered Notes shall be paid to the person shown on the Register at the close of business on the calendar day before the due date for payment thereof (the "**Record Date**")."
25.	Additional risk factors	**An investment in the Notes is subject to the risks described below, as well as the risks described under "Risk Factors" in the accompanying Prospectus.** Because the Notes are denominated in UYU but payable in

USD, the Noteholders will be exposed to currency exchange rate risks with respect to such currencies. Changes in exchange rates relating to any of the currencies involved may result in a decrease in the effective yield of the Notes and, in certain circumstances, could result in a loss of all or a substantial portion of the principal of the Notes (including the Final Redemption Amount). For example, if, on any Rate Fixing Date, UYU has appreciated in value against USD, the payment in USD will be higher. Conversely, a depreciation in value of UYU against USD will have the opposite impact. Furthermore, since the Noteholders will receive payments on the Notes only on the Interest Payment Dates (including the Maturity Date), the Noteholders will not benefit from favourable changes in exchange rates at any other time during the term of the Notes.

Exchange rate movements for a particular currency are volatile and are the result of numerous factors. A Noteholder's net exposure will depend on the extent to which the payment currency (USD) strengthens or weakens against the denominated currency (UYU).

In addition, the Noteholders whose financial activities are denominated principally in a currency (the "**Investor's Currency**") other than any of the Specified Currencies, will also be exposed to currency exchange rate risk that are not associated with a similar investment in a security denominated or paid in that Investor's Currency. For more information, please see "Risk Factors—Notes are subject to exchange rate and exchange control risks if the investor's currency is different from the Specified Currency" in the accompanying Prospectus.

GENERAL INFORMATION

IBRD's most recent Information Statement was issued on 19 September 2017.

USE OF PROCEEDS

Supporting sustainable development in IBRD's member countries

The net proceeds from the sale of the Notes will be used by IBRD to finance sustainable development projects and programs in IBRD's member countries (without being committed or earmarked for lending to, or financing of, any particular projects or programs). IBRD's financing is made available solely to middle-income and creditworthy lower-income member countries who are working in partnership with IBRD to eliminate extreme poverty and boost shared prosperity, so that they can achieve equitable and sustainable economic growth in their national economies and find sustainable solutions to pressing regional and global economic and environmental problems. Projects and programs supported by IBRD are designed to achieve a positive social impact and undergo a rigorous review and internal approval process aimed at safeguarding equitable and sustainable economic growth.

IBRD integrates five cross cutting themes into its lending activities helping its borrowing members create sustainable development solutions: climate change; gender; jobs; public-private partnerships; and fragility, conflict and violence.

IBRD's administrative and operating expenses are covered entirely by IBRD's various sources of revenue (net income) consisting primarily of interest margin, equity contribution and investment income (as more fully described in the Information Statement).

CONFLICT OF INTEREST

JPMorgan Chase Bank, N.A. ("**JPMorgan**"), the parent company of J.P. Morgan Securities plc, will be Calculation Agent under the Notes and will also be IBRD's counterparty in a related swap transaction entered into by IBRD in order to hedge its obligations under the Notes. The existence of such multiple roles and responsibilities for JPMorgan creates possible conflicts of interest. For example, the amounts payable by JPMorgan to IBRD under the related swap transaction are expected, as of the Issue Date, to be calculated on the same basis as the amounts payable by IBRD under the Notes. As a result, the determinations made by JPMorgan in its discretion as Calculation Agent for the Notes may affect the amounts payable by JPMorgan under the related swap transaction, and, in making such determinations, JPMorgan may have economic interests adverse to those of the Noteholders. The Noteholder understands that although IBRD will enter into the related swap transaction with JPMorgan as swap

counterparty in order to hedge its obligations under the Notes, IBRD's rights and obligations under the related swap transaction will be independent of its rights and obligations under the Notes, and Noteholders will have no interest in the related swap transaction or any payment to which IBRD may be entitled thereunder.
