*

The World Bank tracks Ebola resource flows (including monetized in-kind contributions where available) totaling US\$1 million or more from multilateral and bilateral institutions and some foundations. Data is captured from government and other official websites and from communication with key officials within development partner agencies. Data is updated on a monthly basis. Pledges are a non-binding announcement of an intended contribution or allocation by the donor.

To report pledge information, please contact Viji Iyer at viyer@worldbank.org
