

G20 Global Infrastructure Connectivity Alliance First Annual Meeting

GICA

25th-26th January 2018 | OECD Conference Centre, Paris

“Connect to Better Connect”

Objective

This event will bring together policy makers and practitioners participating in the Global Infrastructure Connectivity Alliance (GICA) to discuss the state of play in global connectivity, innovative practices and the outlook for connectivity.

This event will be an opportunity for GICA members to share their latest research and findings and define new areas of cooperation based on identified gaps.

Program Structure

Day one will consist of plenary sessions by sector (transport, energy, ICT and financing) and will be open to both GICA members and external participants. Day two is open to GICA members and contributors only and will serve as forums for discussion, knowledge exchange, identification of gaps and discussions on opportunities for cooperation.

Participants will include private sector, GICA Members, including MDBs, G20 countries, and established associations.

About GICA

GICA seeks to enhance cooperation and synergies of existing and future global infrastructure and trade facilitation programs by improving connectivity within, between and among countries.
