As of fiscal 2017, new sector and theme categories have replaced the previous taxonomy as part of an internal data modernization effort. Past fiscal year data reported here have been revised to reflect the new categories and therefore may not match figures published in previous annual reports.

Because lending commitments for individual operations can be applied to multiple theme categories, figures organized by theme do not add up to fiscal year commitment totals, and therefore theme figures should not be summed.

**Note:** The table shows the three countries with the largest lending commitments in the region over the past two fiscal years (2019 and 2020). IBRD and IDA commitments do not include Heavily Indebted Poor Country (HIPC) Initiative grants. Effective fiscal 2005, IBRD and IDA commitments include guarantees and guarantee facilities. Commitments to regional projects are classified in this table as regional projects and are not counted as commitments of the individual countries involved in the regional project. However, undisbursed balances, gross disbursements, repayments, net disbursements, interest and charges, and net transfers are reported or classified under the individual countries because the individual amounts are covered by separate loan, credit, grant, or guarantee agreements and are guaranteed by the individual countries. Disbursements are made to the individual countries; and principal, interest, and charges are billed to the individual countries. Repayments are made by the individual countries and also include payments from donors under debt service trust funds or debt relief under HIPC and the Multilateral Debt Relief Initiative (MDRI). Numbers may not add to totals because of rounding.

**Note:** The table shows the three countries with the largest lending commitments in the region over the past two fiscal years (2019 and 2020). IBRD and IDA commitments do not include Heavily Indebted Poor Country (HIPC) Initiative grants. Effective fiscal 2005, IBRD and IDA commitments include guarantees and guarantee facilities. Commitments to regional projects are classified in this table as regional projects and are not counted as commitments of the individual countries involved in the regional project. However, undisbursed balances, gross disbursements, repayments, net disbursements, interest and charges, and net transfers are reported or classified under the individual countries because the individual amounts are covered by separate loan, credit, grant, or guarantee agreements and are guaranteed by the individual countries. Disbursements are made to the individual countries; and principal, interest, and charges are billed to the individual countries. Repayments are made by the individual countries and also include payments from donors under debt service trust funds or debt relief under HIPC and the Multilateral Debt Relief Initiative (MDRI). Numbers may not add to totals because of rounding.

**Note:** Effective fiscal 2005, lending includes guarantees and guarantee facilities. Joint IBRD-IDA operations are counted only once, as IBRD operations. When more than one loan is made for a single project, the operation is counted only once. Commitments in regional projects are classified in this table as regional projects and are not counted as commitments of the individual countries involved under the regional project. IDA figures exclude the HIPC grants of \$45.5 million to Côte d'Ivoire in fiscal 2009 and a Pandemic Emergency Financing (PEF) grant of \$50 million in 2017.

A blank space indicates zero. Project counts for countries are not included in this table, as approved operations may be reclassified as supplemental or additional financing operations during the life of the project. Consequently, total project counts may fluctuate from year to year. The commitment totals to countries, however, remain constant regardless of the project's classification.

a. OECS = Organization of Eastern Caribbean States.
