A developed country is not a place where the poor have cars, it's where the rich ride public transportation.

ENRIQUE PENALOSA, MAYOR OF BOGOTA
Why OBA/RBF for QII

- Addresses the affordability barrier, reaches low-income HHs
- Stimulates markets response: incentives for providers & consumers
- VFM: Links poor users to large upstream investments
- Adds equity & debt into projects co-financed with OBA (blended financing)
- Provides flexibility in addressing urban services
- Risk transfer and verified results, strong delivery focus
- Strong impact in targeted communities, infrastructure key part of economic development
