On July 16, 2019, the World Bank’s Board of Executive Directors will be considering three projects whose impact for the development of Angola is considerable. The projects are:

- BITA Water Supply Project Guarantee;
- Social Safety Nets Project; and
- Development Policy Financing.

The eventual approval of the three projects would double the country’s portfolio of projects financed by the World Bank, from USD 1.19 billion to USD 2.5 billion. This would be a day when the Board of Executive Directors of the World Bank would pay special attention to Angola, which we believe is an opportunity to embrace and promote this country with "new direction, renewed opportunities".

Therefore, the Angolan Representation at World Bank Group, in cooperation with the Embassy of Angola to the US, took the initiative to develop a project called "Angola Day at the World Bank" with three activities in the margins of the July 16 Board approval, in particular:

1. Angola Heritage Days (Promotion of Culture), July 16-17 (2 days);
2. Angola Market Days (Product Promotion), July 16-17 (2 days); and

In light of this event, we would like to invite you to celebrate this Day with us. The World Bank Main Dining Room will serve Angolan dishes at affordable prices.

Please, find attached herewith the 2-days Event Program for "Angola Day at the World Bank" as well as the Angola Business Opportunities Forum.

RSVP by Friday, July 12, to Mario Caetano João, mjoao1@worldbank.org
Angola Day @ the World Bank
