

Expected outcomes:

- (i)*** more performing institutions of economic management and stabilized macro-economic framework;
- (ii)*** tackling skills mismatch;
- (iii)*** strengthened business, trade and competitiveness environment;
- (iv)*** enabling environment for entrepreneurship and innovation;
- (v)*** modernized financial sector; and
- (vi)*** private sector involvement with guarantees for transformational infrastructure projects;
- (vii)*** improved financial sustainability and operational efficiency of SOEs, especially through PPPs and privatization, with a view to eventually strengthening private sector participation and minimizing the role of the state.
