Dear Najla Jan,

I reviewed the attached REOI of the MRRD and made the changes/comments in track mode. The same comments apply for the IDLG one as well. The turnover requirement can be equal to the estimated cost and the requirement of the similar cost requirement can be 50% of the estimated value. This has been agreed with the client during a meeting.

Please inform the client to revisit the REOI and resubmit both REOIs for submission to UNDB website.

When we receive the revise REOIs will submit to UNDB for publication. When the bank confirm the publication in the UNDB then the client can advertise it in the local newspaper, NPA website, and ministry websites on the same date and with the same deadline.

**Subject:** World Bank NOL for REOIs for FP Procurement

Dear Amiri Sb and Faizi Sb :

Thank you for submitting the REOIs for FP Procurement. The WB team has reviewed and I am providing a **No Objection on the understanding that the enclosed changes are incorporated into the final REOIs.** Please see track changes for specific recommendations. Once you have made the revisions, please proceed with publishing.

Kindly note that:

1. It is not possible to limit the # of NGOs bidding for the packages. See notes attached.
2. Please coordinate with NPA for advertisement in the NPA website.
3. In view of the upcoming holiday season early next month, and as discussed, please allow at least three weeks after publication in the press or on line, whichever is later, to allow organizations enough time to respond.
4. The REOI should explicitly state if they are inviting NGOs or Consulting Firms. Please refer to para 2.8 of the consultants guidelines extracted below

*“The short list should normally comprise consultants of the same category with similar business objectives, corporate capacity, experience and field of expertise, and that have undertaken assignments of a similar nature and complexity. Government-owned enterprises or institutions and not-for-profit organizations (NGOs, Universities, UN Agencies, etc.) should not normally be included in the same short list along with private sector firms”* read with para 3.16.

5. In due course, please share the template for shortlisting and assign the panel member of shortlisting so they will have no delay in the process of shortlisting

We have enclosed track change and clean version with our comments on the MRRD version. Similar changes would be required to be carried out by IDLG in its REOI.

**Kindly send back the final versions of the REOIs for our files.**

Please do not hesitate me if you have any questions.

Many thanks for all your hard work on this. Best, Susan

**Subject:** RE: Separate MRRD and IDLG CCEP-I Procurement Plans REOIs and joint procurement arrangement

Dears Susan/ Anand,

Please find attached jointly agreed versions the following document for the CCEP-I for both MRRD and IDLG:

- (a) Joint version: Procurement Arrangement
- (b) Separate procurement plans
- (c) Separate REoIs for the FP procurement.

Kindly review and provide us your feedback on the same. We look forward to your **NOLs for the REoIs**, to be able to publish the same soon too.

Note: procurement plan budget is matching with over all Citizen Charter budget which was submitted today by MRRD and IDLG after today session.

For the MRRD REoI, the packages reflect the US\$ 5,750 per community cost. Given its length, an abridged version was added for the hard copy publications.
