Gender is a cross-cutting theme across the Myanmar Partnership Multi-Donor Trust Fund (MDTF) with focus on specific and strategic actions for maximum impact. The objective is to deepen Myanmar’s engagement on gender-related issues by shifting focus to measurable results and addressing the five priority areas specified in Myanmar’s 2018 Country Gender Action Plan:

1. Contribute to efforts aimed at reducing prevalence of gender-based violence
2. Promote women’s ownership of land
3. Support efforts to increase women’s participation rates in politics and decision-making and promote gender inclusion in national development strategies and policies
4. Promote equitable access to services (health, education, justice, energy)
5. Improve economic empowerment by promoting equal pay for work of equal value, and equal opportunities for men and women to participate in livelihood activities and wage jobs.

The Myanmar Strategic Partnership counts the following among its key achievements in bringing gender issues into the mainstream:

**Promoting the main message of equitable access to services**
