Workshops

Assessing and Managing Risks from Contingent Liabilities Workshop

March 30 - April 3, 2020 | Vienna, Austria

This five-day workshop aims to contribute to increased awareness about the risks governments are exposed to from contingent liabilities (CL) and to sensitize risk managers to frameworks and tools in identifying, measuring, and managing these risks with a focus on sovereign credit guarantees and on-lending.

Contingent Liabilities Workshop

June 1-5, 2020 | Tokyo, Japan

This five-day workshop combines the overview of designing and implementing government debt management strategy with an extensive look into the tools and frameworks in identifying, measuring, and managing risks stemming from contingent liabilities.

Designing Government Debt Management Strategies Workshop

June 1-5, 2020 | Vienna, Austria

This five-day workshop guides participants through the processes of developing a public debt management strategy based on an analysis of financial cost and risk tradeoffs.

Implementing Government Debt Management Strategies Workshop

June 8-12, 2020 | Vienna, Austria

This five-day workshop aims to build capacity in various aspects of implementing a debt management strategy, including designing a cost-effective funding program, in ways that contribute to developing the domestic debt market.

Conferences & Outreach Events

2020 International Retail Debt Symposium

April 2020 | Washington, D.C.

The International Retail Debt Management Symposium brings together countries with seasoned retail programs and those looking to establish or review existing programs. The symposium is sponsored by the International Retail Debt Management Conference (IRDMC) core countries and held biannually

2020 Sovereign Debt Management Forum

October 19-21, 2020 | Washington, D.C.

The biannual Sovereign Debt Management Forum brings together senior debt managers, economic policymakers, academics, members from international organizations, market participants and independent consultants to discuss strategies and policies to manage debt, assets, risk, and funding.
