Productive Inclusion: Connecting Safety Nets to Urban Job Opportunities

Roberta Gatti
Global Lead, Labor
Social Protection and Labor Global Practice, World Bank Group
What is productive inclusion?

- Enhancing income generating capacity of the poor in a sustainable way through:
  - Strengthened participation in labor markets;
  - Increased productivity in household activities;
  - Better access to markets (credit, inputs).
Different emphasis and activities in different contexts

Agglomeration/access to production technology
