Each project links to a project profile that includes description, financial details, and lists of reports, archival record folders, and photos, when available. This can be helpful to study the evolution of the Bank's work in the country over time, and to identify notable projects that represent important shifts or moments in the country's history. studies of how the Bank made an impact in a particular sector. The WBG Archives have original records and other information related to these projects. Email archives@worldbank.org for guidance.

Description of operational records in Archives Holdings

Archival records relating to Bank operations are described according to the ISAD(g) standard and are accessible in our [Archives Holdings catalog](#). Descriptions include lengthy organizational histories of the regional vice presidency responsible for operations in that region and a description of records created and transferred to the Archives by that vice presidency. The descriptions in the catalog can be helpful to understand the organizational context of Bank work, and to understand more about the content of the records in the Archives.

Early Country Economic Reports

Reports have been selected from the [Documents & Reports website](#), a database of publicly available World Bank Group authored reports and publications dating to the opening of the Bank in 1946. Country economic reports that are selected here are, in many cases, some of the earliest economic studies ever published on Bank member countries. Reports discussing the whole economy of a country, rather than individual sectors, are prioritized in this list.

Survey of economic conditions in Denmark, August 22, 1947 - June 30, 1948	June 11, 1948
The external debt of the Kingdom of Denmark	October 17, 1951
Fourth loan administration report on the loan to the Kingdom of Denmark	June 2, 1954
Denmark - The economy	December 19, 1958
Denmark - The economy	July 31, 1963

Country Assistance Strategies

The list is based on a similar list compiled by the World Bank's Secretary's staff. Introduced in 1990 and replaced by the Country Partnership Framework (CPF) in 2014, the CAS is an overview of each borrowing country's current economic situation and contains a discussion of its development challenges, prospects, and project-planning. CASs were often initially published as part of project documents but later on were published as standalone documents.

Staff Newsletters

Resources have been selected from the World Bank Group's [Documents & Reports website](#). The World Bank has produced a staff newsletter since 1947. The publication changed its name twice: from International Bank Notes to Bank Notes in 1971 and then to Bank's World in 1982. The newsletter moved online in 2000 and physical publication ceased. In addition to offering news relating to Bank operations and country development, the newsletters were intended to foster a sense of community among staff by highlighting social events, marriages and births, the arrival of new staff, recreational events, favorite cooking recipes submitted by staff, and features on different aspects of staff's home country and culture.

International Bank Notes -- Vol. 3, Iss. 15	August 1, 1949	"Progress is being made in the development and reconstruction of member countries as a result of loans from the Bank"

Oral histories

Oral histories are selected from the World Bank Group Archives' [Oral History website](#). The site contains transcripts of oral history interviews with departed staff and, in lesser number, Executive Directors and other individuals affiliated with or impacted by the World Bank Group. Interviews were conducted as part of an ongoing effort by the Archives to collect the personal stories and reflections of Bank Group staff. A portion of the interviews was conducted as research for publications. Each transcript provides a valuable first-person account of Bank activities and decision-making from the very beginning of its operations.
