The WORLD BANK has made an $82 million loan for its first sewerage project in Algeria. The Government of the Democratic and Popular Republic of Algeria is providing $72.21 million for the project. It consists of the construction of combined sewer interceptors, the first stage of a sewage treatment plant, and technical assistance to Société des Eaux de l'Agglomération d'Alger (SEDAL). (Refer to WORLD BANK News Release No. 78/69)

Among those present at the signing of the loan documents on July 6, 1978, were, seated from left to right: Mr. Yahia Khelif, Executive Director of WORLD BANK for Algeria; Mr. Dib, Director General of SEDAL; His Excellency Abdelaziz Maoui, Ambassador of Algeria; and Mr. Munir P. Benjenk, Vice President, EMENA Region, WORLD BANK.
