World Bank Lending
Fiscal 2020

The **International Bank for Reconstruction and Development (IBRD)**, the **International Development Association (IDA)**, the **International Finance Corporation (IFC)**, the **Multilateral Investment Guarantee Agency (MIGA)**, and the **International Centre for Settlement of Investment Disputes (ICSID)** are the institutions that make up the **World Bank Group**.

The **World Bank Group** is one of the world's largest sources of funding and knowledge for developing countries, and it is committed to reducing poverty, increasing shared prosperity, and promoting sustainable development.

In fiscal 2020, the **World Bank Group** collectively provided **\$77.1 billion** in loans, grants, equity investments, and guarantees to partner countries and private businesses—including to multiregional and global projects.

The **World Bank** is comprised of the **International Bank for Reconstruction and Development (IBRD)** and the **International Development Association (IDA)**, and it is committed to the goals of ending extreme poverty and boosting shared prosperity, and to achieving both goals in a sustainable manner.

The **World Bank** works closely with countries to provide assistance where it is needed most. In addition to financing, we draw on experience and knowledge that span regions and sectors to provide evidence-based insights and policy support, helping countries address their development priorities and facilitating the exchange of ideas and best practices.
