**Implementing Government Debt Management Strategies Workshop**  
*June 10-14, 2019 | Vienna, Austria*  
This five-day workshop aims to build capacity in various aspects of implementing a debt management strategy, including designing a cost-effective funding program, in ways that contribute to developing the domestic debt market.

**Sovereign Asset and Liability Management Workshop**  
*November 18-22, 2019 | Manama, Bahrain*  
This five-day workshop will present the main concepts related to sovereign asset and liability management (SALM), as well as bring practical examples of countries that have implemented SALM frameworks. Participants will have the opportunity to discuss SALM implementation through hands-on exercises and case studies.

**Cash Flow Forecasting and Cash Management Workshop**  
*December 2-6, 2019 | Accra, Ghana*  
This five-day workshop aims to implement an Excel based tool that we have been developing in the WB Treasury to train government officials from treasuries and debt management offices on improving their cash flow forecasting and cash management practices.
Conferences & Outreach Events

Public Debt Management Conference
September 4-5, 2019 | Paris, France
This two-day conference aims at building, sharing and developing knowledge on public debt management. It also promotes an exchange of innovative ideas among practitioners (debt managers, officials of ministries of finance), academics, central bankers, and investors (investment banks, pension funds and sovereign wealth funds), to encourage knowledge sharing and collaboration across organizations, and to foster the development and dissemination of best practices in public debt management. During the two days, presentation of papers selected by the conference’s organizing committee on topics relevant to the debt management community will be followed by audience discussions. The conference will be held on September 4-5, 2019 at the Headquarters of the OECD in Paris, France.

3rd Roundtable of GDRM Countries
October 21, 2019 | Washington, D.C.
This bi-annual event provides a platform for debt managers in GDRM countries to share their work and accomplishments, and to engage with their peers in discussions on the issuance strategies in the international bond markets, the use of derivatives, new innovative financing instruments, international settlement of local currency bonds and investor relations.
This year’s topic, “Managing the Risks Arising from Contingent Liabilities?”, it will take place on October 21st, follow the World Bank Annual Meetings, at the World Bank Headquarters in Washington, DC.
