The WORLD BANK has approved a $5 million loan to Algeria for a water supply engineering project, which will provide technical assistance to the government for carrying out studies to assess and meet urban, industrial, and agricultural water requirements in Greater Algiers and in the surrounding region within 100 miles from Algiers. (Refer to WORLD BANK News Release No. 80/43)

Among those present at the signing of the loan documents on February 14, 1980, were, seated from left to right: His Excellency Redha Malek, Ambassador of the Democratic and Popular Republic of Algeria to the United States; and Mr. Maurice P. Bart, Acting Vice President, EMENA Region, WORLD BANK.
