BUILDING PARTNERSHIP WITH KOREAN INSTITUTIONS

Korea’s success offers many lessons that can be of practical benefit to many fragile and conflict-affected countries and KTF is uniquely positioned to draw on these experiences and deliver results for WBG clients. Since its establishment, KTF facilitated 8 TECHNICAL KNOWLEDGE EXCHANGES & technical visits between WBG and Korea.

FY2016 PARTNERSHIP EVENTS:

KNOWLEDGE EXCHANGE ON RURAL COMMUNITY DRIVEN DEVELOPMENT IN FRAGILE AND CONFLICT AFFECTED COUNTRIES in collaboration with KDI School. The event gathered government officials from five countries to share lessons learned from the Korean development experience and to promote peer-to-peer learning among FCV countries.

PARTICIPATION OF TWO EXPERTS FROM STATISTICS KOREA (KOSTAT) IN THE 57TH TECHNICAL MEETING ON SDS MONITORING to provide peer-to-peer learning by sharing Korea’s expertise in data and ICT (KOSIS).

DIALOGUE ON ECONOMIC TRANSITION with Korean experts from Korea University and Yonsei University.

INNOVATIVE OPERATIONS AND KNOWLEDGE GENERATION

The KTF projects provide the WBG critical insight into the changing nature of FCV, including circumstances such as sub-national conflict, conflict in middle-income countries, and regional spill-overs. 90% of projects rated satisfactory and above, and these grant projects are linked with over 2.5 billion WBG lending operations.

KTF GRANT INFLUENCE ON LENDING

The KTF projects support the WBG critical insight into the changing nature of FCV, improving circumstances such as sub-national conflict, conflict in middle-income countries, and regional spill-overs. 90% of projects rated satisfactory and above, and these grant projects are linked with over 2.5 billion WBG lending operations.
