SUBJECT: RE: Uzbekistan - Social Sector Work/Health Project/October Mission

Thank you very much for your quick response. I am pleased to hear that the Minister of Health has strong interest in developing a health project with the Bank. I am assuming that his interest will not be in conflict with a Cabinet decision, once other economic considerations are taken into account. I will try to talk with Mike Mills today and proceed with the preparations for our October mission. Our natural counterpart is GTZ, given their participation in the seminar on Social Protection, their interest in health and the fact that we share a similar approach to the health care reform.

Looking forward to hear more from Messrs. Sultanov and Karabaev, please receive my best personal regards.
