INTERNATIONAL DEVELOPMENT ASSOCIATION (IDA)
Washington, D.C. 20433

CR-365-ET-1 The INTERNATIONAL DEVELOPMENT ASSOCIATION (IDA), an affiliate of the World Bank, has extended a credit equivalent to \$5.0 million for the Empire of Ethiopia to help finance a second livestock development project. The project is designed to provide integrated market and stock-route systems in three important livestock producing areas, slaughter facilities throughout the country, trucking services to connect cattle producing areas with consumer areas, and funds for the preparation of future livestock projects.

The project, which has been prepared by the Livestock and Meat Board (LMB) with the help of the Bank's Permanent Mission in East Africa, is the first phase of a program of improvement and development of the beef cattle industry. (An earlier IDA livestock credit, approved in 1971, is helping to improve and expand the dairy industry.) The present project will provide benefits which will be well dispersed throughout Ethiopia's rural areas, and includes substantial employment opportunities.

Among those present at the signing of the credit documents on April 2, 1973, were, from left to right: Mr. Ismael El Misbah Mekki, Alternate Executive Director of IDA for Ethiopia; His Excellency Wodajo Kifle, Ambassador of Ethiopia; Mr. Bernard R. Bell, Regional Vice President of IDA; and Mr. Ato Teferra Wolde Semait, Financial & Economic Counselor, Embassy of Ethiopia.
