

# Activity data:

## 7 days vs. 12 months recall vs. FTE

- Uganda National Panel Survey 2013/2014: Survey coverage - 12 months from January to December
- Niger National Survey on Household Living Conditions and Agriculture 2014: Survey coverage - 7 months from January to March and from September to December

Table. Average number of activities and Full Time Equivalents (FTEs) per person (weighted sample) for all sample, by male/female and by adult/youth – working age population ( 15-64)

	Uganda			Niger		
	7 days recall	12 months recall	Total FTEs	7 days recall	12 months recall	Total FTEs
All sample	1.21	1.28	0.39	1.25	1.33	0.43
Male	1.22	1.30	0.43	1.28	1.38	0.51
Female	1.19	1.26	0.35	1.23	1.27	0.31
Adult	1.26	1.36	0.46	1.29	1.38	0.46
Youth	1.10	1.15	0.27	1.14	1.16	0.32

# Activity data by rural-urban gradient

## 7 days vs. 12 months recall vs. FTE

Table. Average number of activities and FTEs (weighted sample) by rural gradients – working age population ( 15-64)

	Uganda			Niger		
	7 days recall	12 months recall	Total FTEs	7 days recall	12 months recall	Total FTEs
<b>Rural</b>	1.18	1.26	0.34	1.26	1.34	0.37
<b>Semi-rural</b>	1.21	1.29	0.37	1.30	1.41	0.44
<b>Peri-urban</b>	1.17	1.23	0.38	1.16	1.20	0.70
<b>Urban</b>	1.14	1.19	0.67	1.13	1.15	0.76

Note: Uganda considers a maximum of 4 activities in both 7 days and 12 months recall.

Niger considers primary and secondary activities for 7 days recall and main, secondary and other activities for 12 months recall.

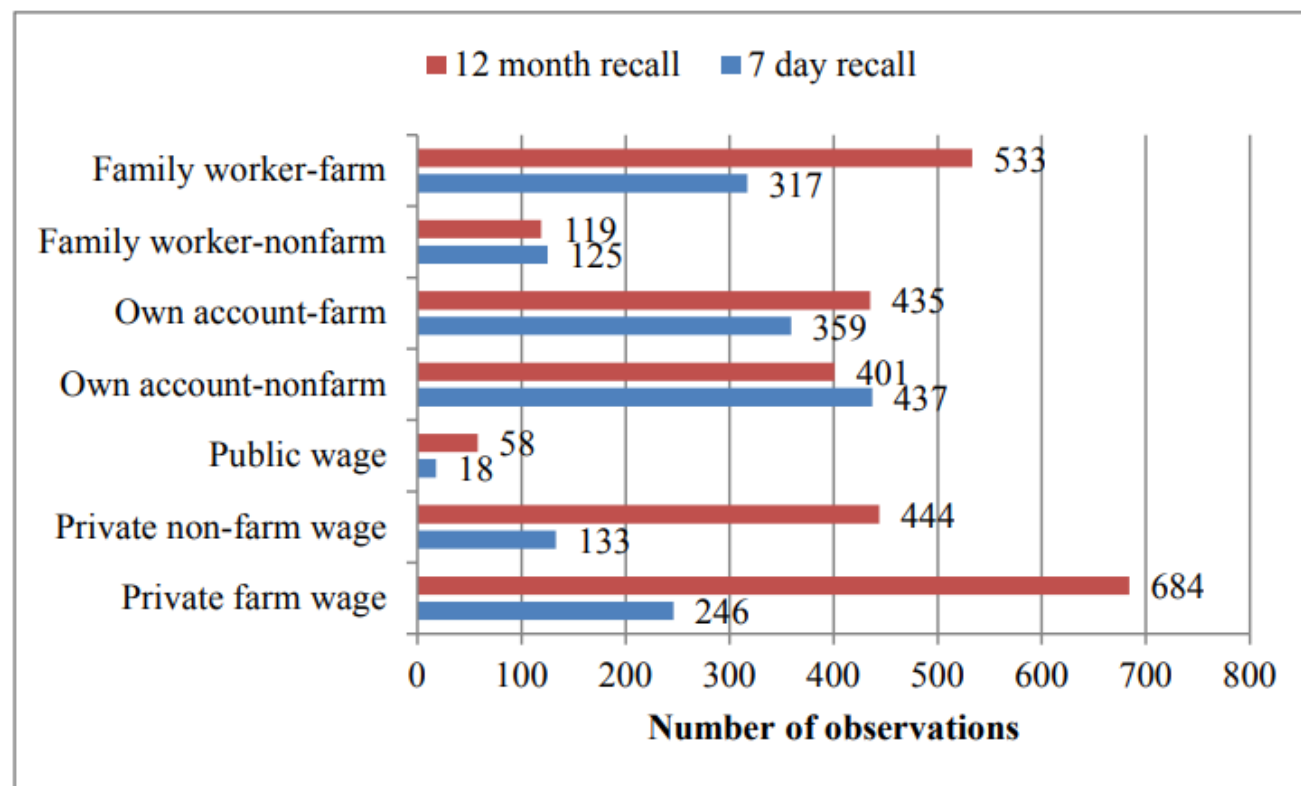

# Primary activity data by sector:

## FTEs vs. % reporting activity over 7days/12 months

Table. FTEs and % of individuals with primary occupation by sector of the economy (weighted sample) – working age population ( 15-64)

	Uganda				Niger			
	7 days recall		12 months recall		7 days recall		12 months recall	
	FTEs	% individuals	FTEs	% individuals	FTEs	% individuals	FTEs	% individuals
Own farm	0.52	66.13%	0.52	67.12%	0.02	80.86%	0.22	30.41%
Ag. wage	0.83	4.54%	0.83	4.61%	1.07	0.23%	0.21	3.98%
Non ag. wage	1.17	14.46%	1.13	14.57%	1.18	5.08%	0.33	16.20%
Non ag. self-employment	1.08	14.87%	0.94	14.44%	0.02	13.83%	0.38	49.42%

**Figure 1: Comparison of reported secondary jobs by activity type: 7 day versus 12 month recall, 2009/10**

**Source:** Authors calculations based on the UNPS 2009/10.

# All activity data by sector: Average FTEs over 7days/12 months

Table. Average FTEs per person (weighted sample) – working age population ( 15-64)

	Uganda			Niger		
	7 days recall	12 months recall	% difference	7 days recall	12 months recall	% difference
Own farm	0.50	0.50	-0.01%	0.02	0.22	-85.48%
Ag. wage	0.64	0.64	0.00%	0.70	0.20	55.61%
Non ag. wage	1.10	1.07	1.18%	1.11	0.33	54.63%
Non ag. self-employment	0.93	0.84	4.90%	0.02	0.34	-90.37%

Note: Uganda considers a maximum of 4 activities in both 7 days and 12 months recall.  
Niger considers primary and secondary activities for 7 days recall and main, secondary and other activities for 12 months recall.
