# The Adaptive Roadmap

---

# **Core Principles of Finance Adaptive Social Protection**

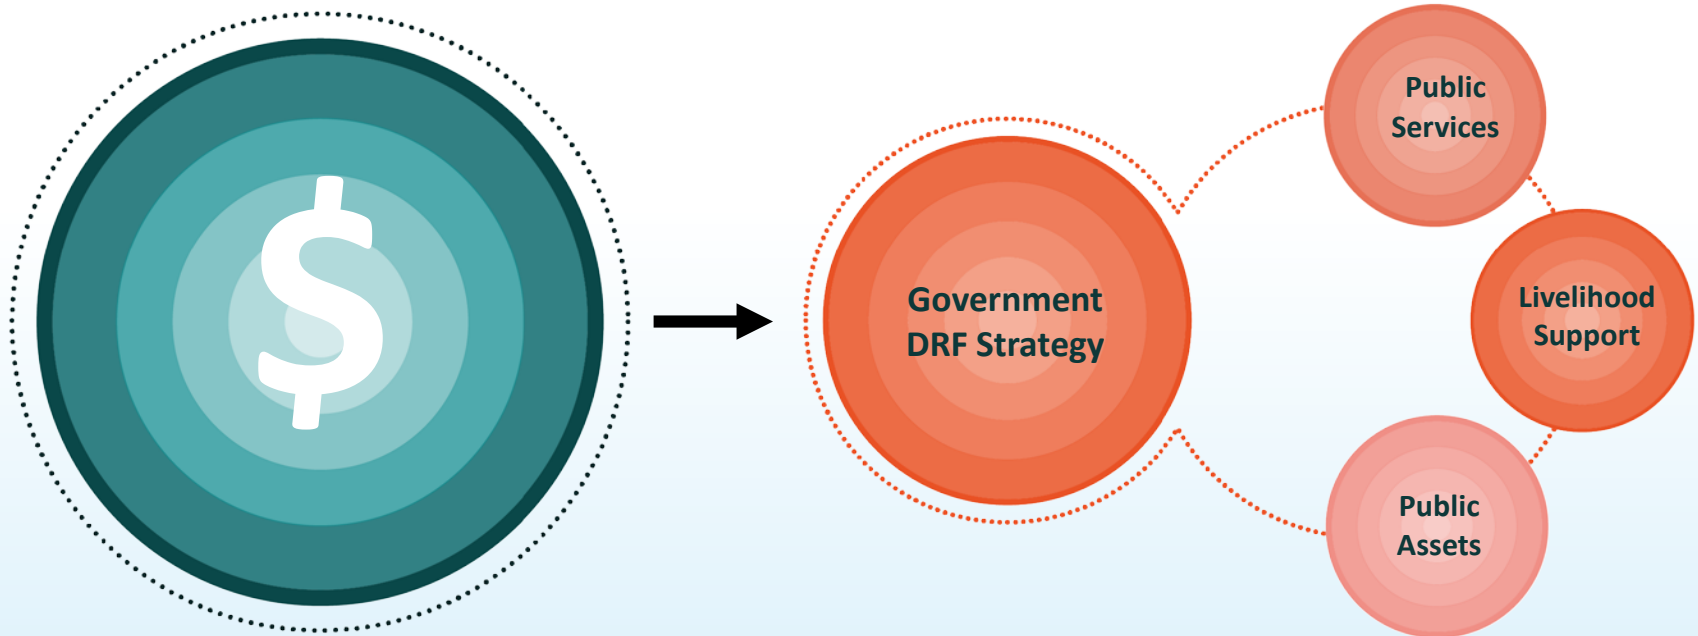

# Core Principle 1

Financing should be in place before the event of a crisis to rapidly mobilize and disburse funds

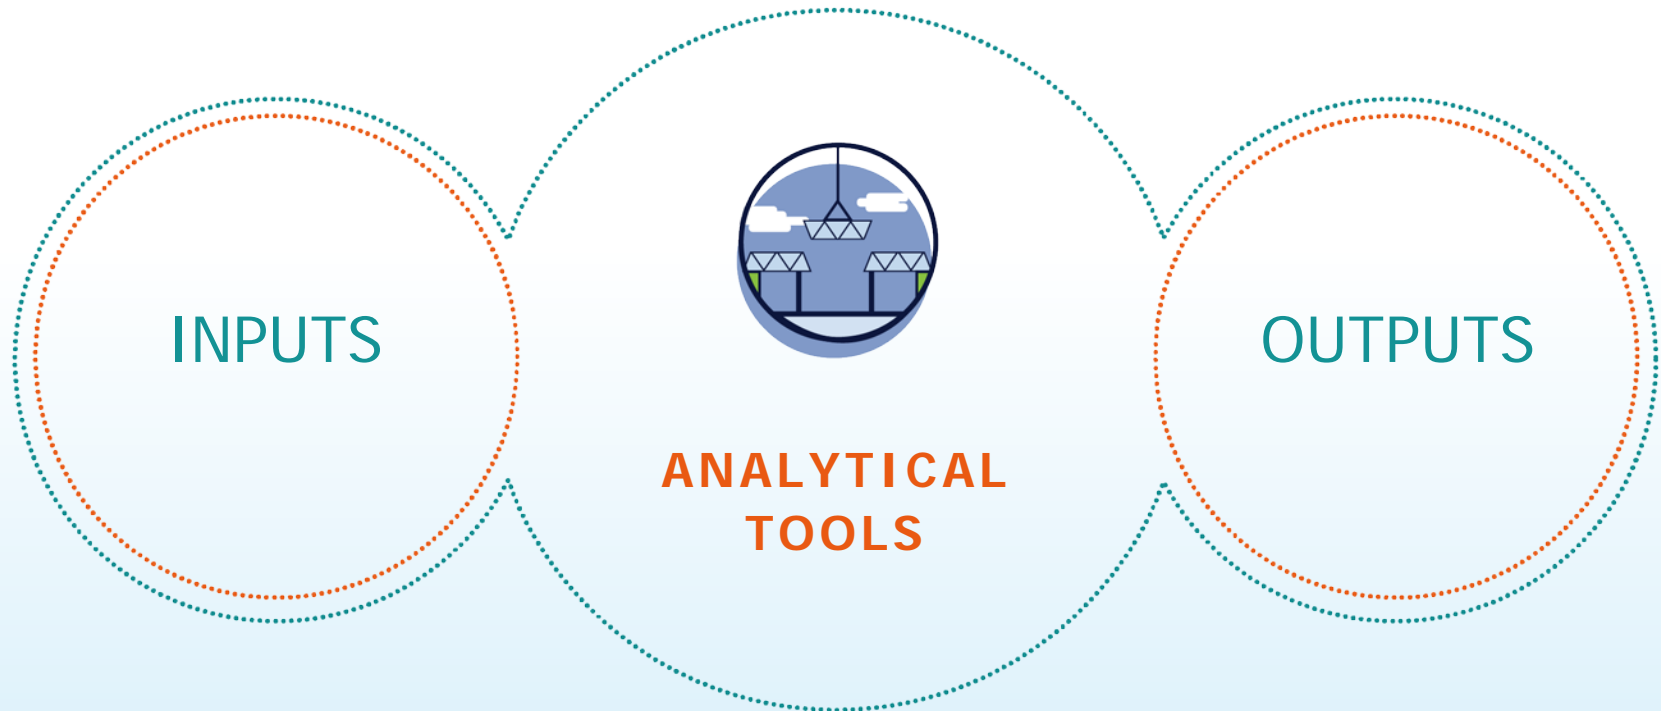

# Core Principle 2

How money reaches beneficiaries is as important as where it comes from

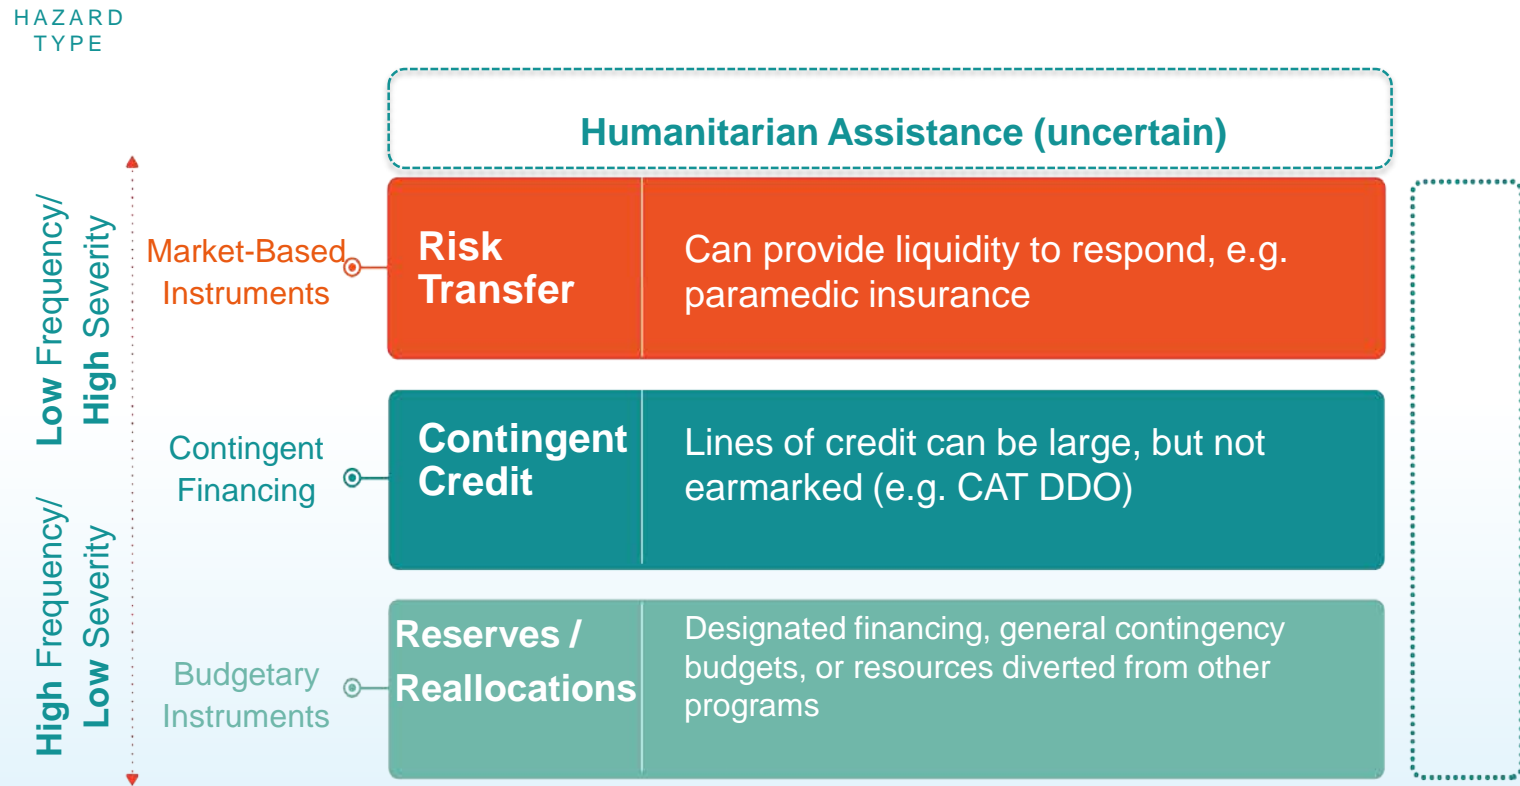

# Core Principle 3

To Make Sound Financial Decisions you need to have the right information

# Core Principle 4: Disaster Risk Layering

Effective financing strategies include multiple financial instruments

THREE-TIERED RISK LAYERING STRATEGY FOR GOVERNMENT
